Start and run your own delivery business We are looking for hands-on owners who are passionate about building and developing great teams. Start your own parcel delivery business as an Amazon Delivery Service Partner, delivering parcels to customers across your community. Low start-up costs With low start-up costs, built-in demand, and access to Amazon's technology and logistics experience, this is an opportunity to build and grow a successful parcel delivery business. Join a community of Amazon Delivery Service Partners in one of the fastest-growing industries in the world. You bring the leadership, we'll bring the rest. Is this the right opportunity for you? As an owner, you will operate with 20-40 vans. You'll be fully responsible for selecting and building a group of high-performing, hardworking drivers, while we take care of getting you set up and ready to operate out of a delivery station in your city. You'll be expected to provide support for your drivers to ensure the successful delivery of parcels in a 7 days/week, 365 days/year operation. What you'll need Customer obsession Leadership Deliver results Resilience How long will it take to become a Delivery Service Partner? From starting your application to making your first delivery, becoming an owner can take as little as three months or as long as six months, depending on the availability
